North Carolina Career and Technical Education

September 2019

EXECUTIVE SUMMARY

CREDENTIALS EARNED BY SECONDARY NC CTE STUDENTS EXCEED GOALS
Credentials earned by secondary North Carolina Career and Technical Education (CTE) students have increased steadily since 2010-2011, the first-year data were collected in the state. Students earned 276,114 individual credentials. Although this is a slight decrease from last year, it is not a statistically significant decrease. Credentials are endorsed by business and industry and document student mastery of skills required for employment and advancement in a career. The 276,114 credentials earned by CTE students who complete industry certification programs measure has exceeded the State Board of Education's goal.

TOP CREDENTIALS
Conover Credential Workplace Readiness were earned by 8,885 students. Microsoft Office Specialist Word (18,758) and PowerPoint (17,610) and were also among the most frequently earned credentials.

Students in Wake County report the highest number of credentials earned at 16,154 individual credentials earned. The school systems with the highest percentage of credentials earned based on enrollment in CTE courses that offered a credential were Graham County Schools, Person County Schools, and Perquimans County Schools. Cleveland County Schools appeared in the top rankings for number of student credentials met and percentage of students who passed a credential for the CTE course offerings that offered a credential.

HOW THE DATA WAS COLLECTED
Educators and business and industry representatives recommend credentials each year that are aligned to the CTE curriculum and valued by employers. Proposed credentials are investigated to ensure they meet requirements for reporting.

Credentials earned data is collected for each student and matched to enrollment information. Many of the NC CTE credentials earned data was collected directly from the credentialing agency. Additional results were collected from students using third-party software. Care was taken to protect the confidentiality of student information during the collection and analysis process.

MORE INFORMATION
The 2018-2019 NC CTE Credentialing Data report provides a more detailed analysis of credentials earned by secondary NC CTE students. It includes statewide, regional, and individual school district information disaggregated by student demographic information when available.

For more information about this report or credentialing data in North Carolina, please contact NC CTE Director Trey Michael (919-807-3764 or Trey.Michael@dpi.nc.gov).

Table of Contents

INTRODUCTION

Since 2010-2011, when North Carolina Career and Technical Education (CTE) began collecting data on credential attainment by secondary students, 1,319,398 credentials have been earned – 276,114 in 2018-2019 alone!

For this report, credentials are defined as certifications issued by professional associations, vendors, or employers. Credentials demonstrate that the student or employee "has acquired the designated knowledge, skills and abilities to perform a specific job" (Bielick, Cronen, Stone, Montaquila & Roth, 2013). A credential can be based on a written, oral or performance-based examination, or some combination of the three, and may require a prescribed period of supervised practice after successfully passing the exam.

Secondary NC CTE Credentials Earned

Year	Credentials
2010-2011	24,782
2011-2012	91,629
2012-2013	104,375
2013-2014	115,005
2014-2015	130,611
2015-2016	140,097
2016-2017	160,224
2017-2018	276,561
2018-2019	276,114
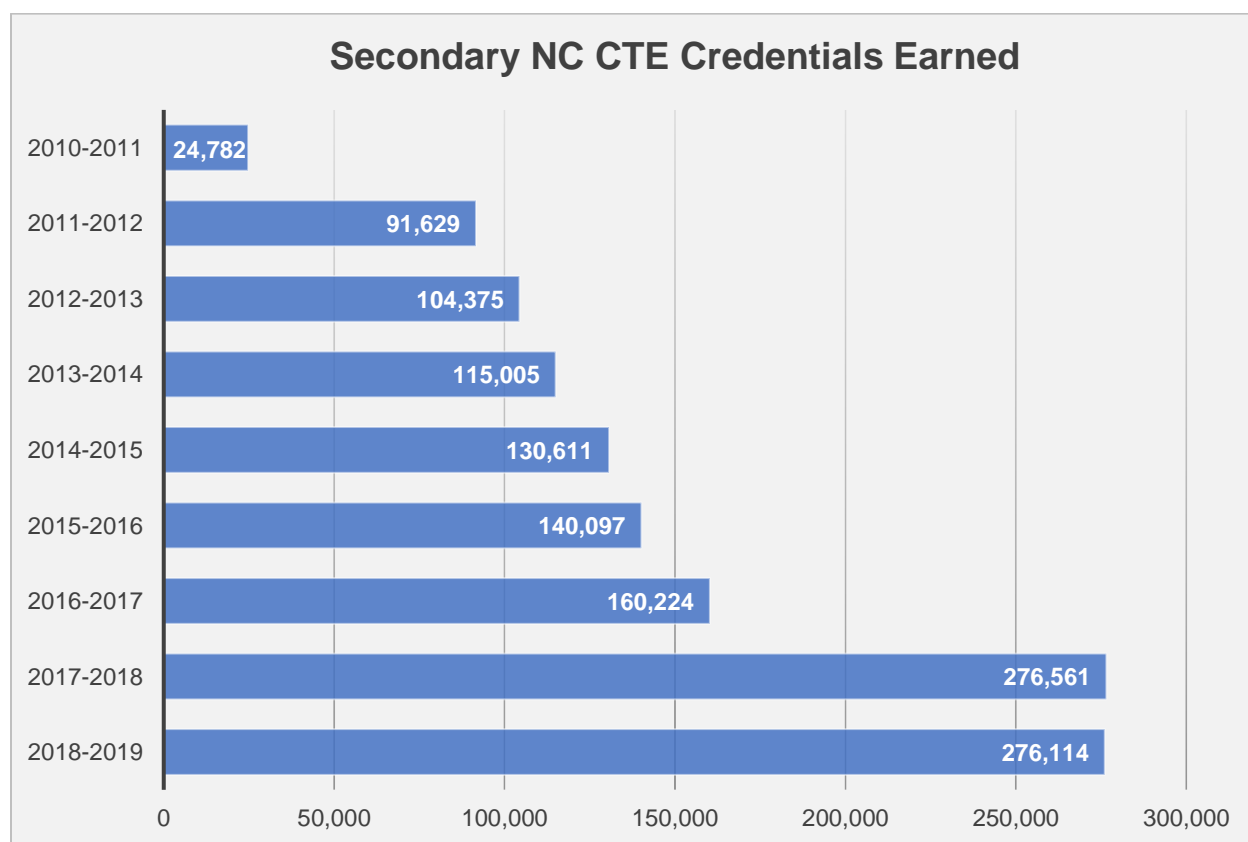

Credentials differ from licenses, which are generally issued by a governmental entity. Licenses frequently are required for a practitioner to enter a field, while credentials help potential employees get hired or qualify them for a higher pay level but are not legally mandated.

A 2014 report from the U.S. Census Bureau found nearly a quarter of adults, 11.2 million people, had some sort of non-degree credential, and these workers were more likely to be employed and earned more than their counterparts without credentials (Ewert & Kominski, 2014). Writing about the Census Bureau findings, Massie (2014) reported that credentials often give employees a leg up on the competition. "In this shifting economy, one way that job seekers, students and workers may improve their opportunities is by earning credentials."

Earnings of workers with credentials can outpace those of workers who have degrees. In fact, "17% of people with post-secondary licenses or certificates – credentials short of an Associate degree – earn more than the average bachelor's degree recipient" (Austin, Mellow, Rosin & Seltzer, 2012). The best long-term scenario is expansion of credentials that are portable, meaning they are accepted anywhere around the country, and stackable, meaning they can be combined with other, related credentials to create a portfolio of workers' skills, they wrote.

Secondary students benefit from earning credentials in several ways, including the following:
- Credentials provide an advantage to students seeking entry-level employment as they document student proficiency in required skills against a state or national standard.
- Employees with credentials may start at a higher pay rate or be eligible for a pay raise or promotion more quickly than employees without a credential.
- Because the cost of the credential is usually covered by local or state sources, students can save considerable money as they prepare for their future careers.
- As credentialed employees, students can earn money for postsecondary education through employment that is well paid and often provides experience in their chosen field.
- Preparing for the credential examination educates students about what it takes to be successful in their field and exposes them to networking opportunities that can smooth their transition to the world of work.

This document provides further details on credentials earned by NC CTE students.

STATEWIDE RESULTS OVERVIEW

NC CTE students earned 276,114 statewide individual credentials in 2018-2019 school year. The 200 different credentials available to students included those that measured workplace readiness skills, general job skills applicable to many different careers (for example, Microsoft Office Specialist certifications in Word, Excel, PowerPoint and Access), and specific job-related proficiency (for example, Nurse Aide).

CREDENTIAL TIERS
NC CTE partners with the NC Department of Commerce to assign a three-tier value ranking to each industry credential. Consideration is given to both academic rigor and employment value as part of the credential tier assessment. In 2018-2019, NC CTE students earned 178,011 Tier 2 credentials, and students also earned 4,096 Tier 3 credentials.

MICROSOFT OFFICE SPECIALIST CREDENTIALS
Through an agreement with Microsoft Corp., Certiport, and the NC Department of Public Instruction, students can take Microsoft Office Specialist (MOS) and other Microsoft credential examinations at no charge. During 2018-2019, 43,086 MOS credentials were earned by NC CTE students.

As part of the MOS certification process, two North Carolina students were recognized at the Certiport 2019 Microsoft Office Specialist U.S. National Championship held in Orlando, FL on June 17-19, 2019. Ashlyn Dumaw from Green Hope High School won first place in PowerPoint 2013. Ashlyn went on to compete at the Certiport World Championship in New York City, NY on July 28-21, 2019, ultimately placing third in her category, winning a cash prize of $1,500.

Ashlyn Dumaw
Third Place at the Certiport World Championship
Green Hope High School

NATIONAL CENTER FOR CONSTRUCTION EDUCATION & RESEARCH CREDENTIALS
The National Center for Construction Education & Research (NCCER) credentials are aligned to many CTE course offerings. These credentials offer professional skill credentials in a module format that validate students' knowledge and skills in our Trades and Industrial Education course offerings of:
- Core and Sustainable Construction
- Masonry I, Masonry II, and Masonry III
- Carpentry I, Carpentry II, and Carpentry III

Students earned 113,811 individual NCCER module credentials in the 2018-19 school year.

CAREER READINESS CREDENTIAL

The ACT WorkKeys examination is administered each year to CTE Concentrators, students who earned four related technical credits, at least one of which was at the second level. WorkKeys measures students' employability skills in three areas – Applied Mathematics, Locating Information, and Reading for Information. Test-takers who score high enough on the assessment receive a Career Readiness Credential, which is available at four levels –Platinum, Gold, Silver and Bronze. Employers use Career Readiness Credentials as a screen to improve the quality of their workforce and to help potential employees understand the level of performance necessary to be successful in a field.

2018-19 Career Readiness Credentials Earned

- WorkKeys Silver — 34%
- WorkKeys Bronze — 29%
- WorkKeys Gold — 21%
- WorkKeys Platinum — 16%
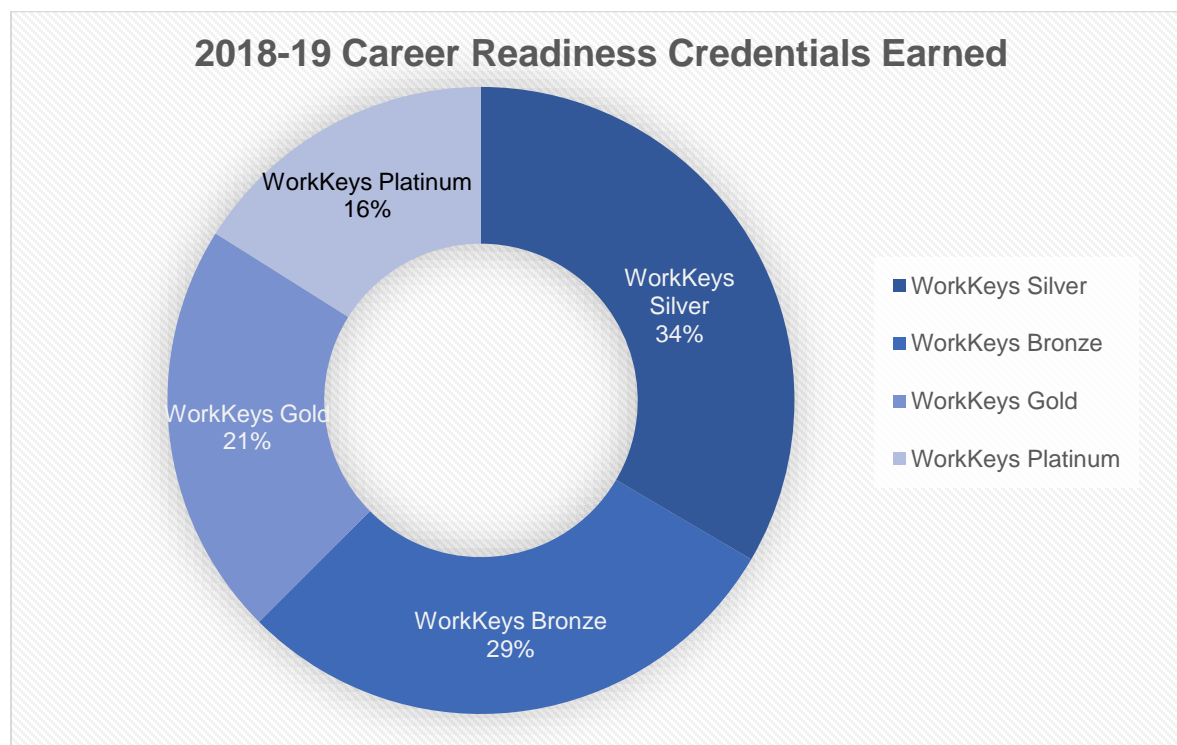

OTHER CREDENTIALS

In addition to the Career Readiness Credential and the MOS certifications, the highest number of credentials earned were the following:

- Conover Credential Workplace Readiness – 8,885
- EverFi – 8,202
- CPR/AED – 7,71
- First Aid – 3,468
- OSHA 10-Hour Industry Certification – 2,908
- S/P2 - Mechanical Safety – 2,775
- S/P2 – Mechanical Pollution Prevention – 2,598

The complete list of credentials earned by NC CTE students begins on the following pages.

STATEWIDE REGIONAL RESULTS

Using the State Board of Education regions, the Southwest District has the highest number of credentials at 50,559. The Northwest District has the highest credential earned percentage. As such, 115% of students in the Northwest were enrolled in a CTE course that offered an industry recognized credential and earned the credential.

PUBLIC SCHOOL UNIT RESULTS OVERVIEW

Students in all 115 Public School Units and six charter and special schools earned credentials in 2018-2019. The ten Public School Units with the highest number of credentials earned are shown in the chart below.

	Public School Unit Name	Earned
920	Wake County Schools	16,154
360	Gaston County Schools	10,811
600	Charlotte-Mecklenburg Schools	8,595
430	Harnett County Schools	8,415
670	Onslow County Schools	7,676
760	Randolph County School System	6,563
230	**Cleveland County Schools**	**6,554**
410	Guilford County Schools	6,224
900	Union County Public Schools	6,174
260	Cumberland County Schools	5,817

Based on the number of credentials earned as a percentage of CTE course enrollment for courses aligned to a credential, the top Public School Units and charters are shown in the chart below. Please note that for some CTE courses, students can earn multiple credentials for the same course. An example is the CTE course 'BM10: Microsoft Word and Power Point', which is aligned to the Microsoft Word credential and the Microsoft Power Point credential. Students enrolled in the 'BM10: Microsoft Word and Power Point' could earn both credentials and so the counts reflect each credential earned

	Public School Unit Name	% Earned
730	Person County Schools	229%
380	Graham County Schools	189%
140	Caldwell County Schools	185%
400	Greene County Schools	182%
280	Dare County Schools	182%
120	Burke County Schools	176%
421	Roanoke Rapids City Schools	176%
90	Bladen County Schools	168%
230	**Cleveland County Schools**	**164%**
710	Pender County Schools	163%

During 2018-2019, duplicated enrollments in North Carolina CTE courses that were aligned to a credential was 285,965. Of those students, 83% earned industry recognized credentials state wide for a total of 236,923. Detailed information on the total credentials earned and percent based on enrollment for each Public School Unit appear in the chart beginning on the following:

Public School Unit Results by Enrollment

PSU	PSU Name	Enrolled	Earned	% Earned
10	Alamance-Burlington Schools	5,278	5,405	102.41%
100	Brunswick County Schools	2,729	2,589	94.87%

CONCLUSIONS

Since 2010-2011, secondary North Carolina Career and Technical Education students have benefitted from the ability to earn business and industry-recognized credentials, often at no cost to the student. Students have entered the workforce or further education better able to demonstrate proficiency in skills that are important to employers. Priorities for the coming year include the following:

- The list of credentials will be further expanded.
- NC CTE will continue to focus on developing the most efficient way to collect and report on credential data.
- NC CTE will work with other Divisions to automatically list student credentials earned on the student transcript.
- The state will continue to refine a process to comply with the NC General Assembly's law that provides for teacher payment for students who earn selected credentials.
- NC CTE will continue to develop a mechanism to report on secondary students' credential attainment to the Office of Career, Technical and Adult Education of the U.S. Education Department. Reporting directly on credential attainment of secondary CTE students is required under the Strengthening Career and Technical Education for the 21st Century (Perkins V) Act beginning in the 2020-2021 academic year.
